CoinAnalyst Blockchain Based Data Analysis

LOCATION
Niddastr, 64 60329 Frankfurt am Main

WEBSITE
https://www.coinanalyst.tech

COMPANY DESCRIPTION
CoinAnalyst is a software system that enables any trader in the crypto asset sector and other industries to access a dashboard which monitors and analyses real-time data from the crypto and ICO market. CoinAnalyst is based on the patented Cogia technology which uses semantic indexing and structuring of online data using pattern recognition and artificial intelligence.
